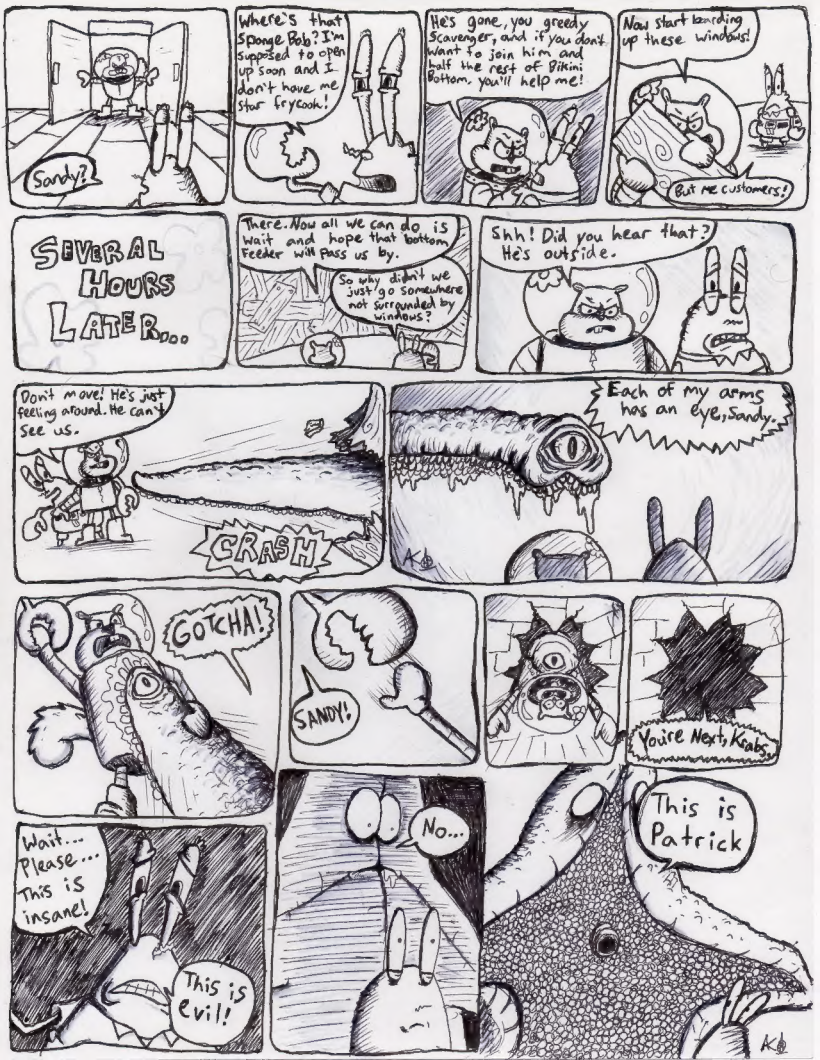
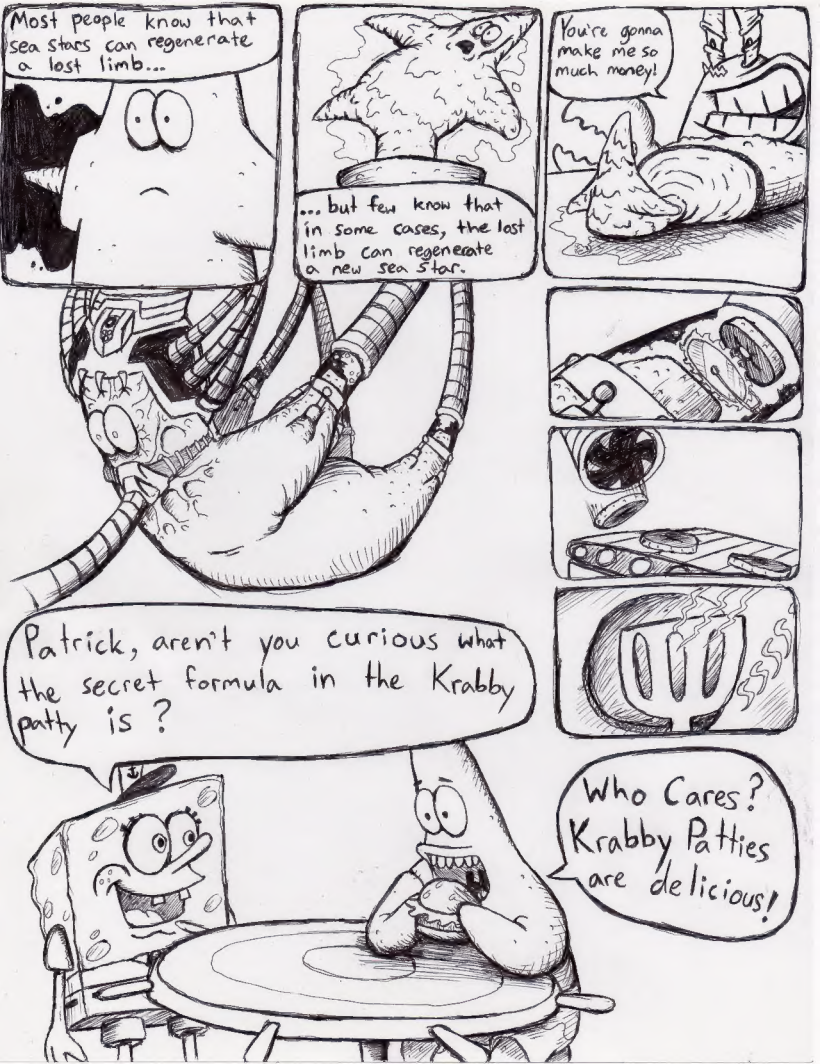
Hey, Patrick! Let's go catch some Jellyfish
..Patrick?
Do you know how sea stars feed, SpongeBob?
Our stomachs extend out of our bodies...
Let me...
...show you.
...Penetrating our prey...
...and injecting them with enzymes.
So that they may be digested externally...
... I'm sorry SpongeBob.

Now's my chance to make that monster pay for what he did!
...S...Sandy
I'm sorry, Patrick
Sea Stars can regenerate, Sandy
All you've done is double my appetite.

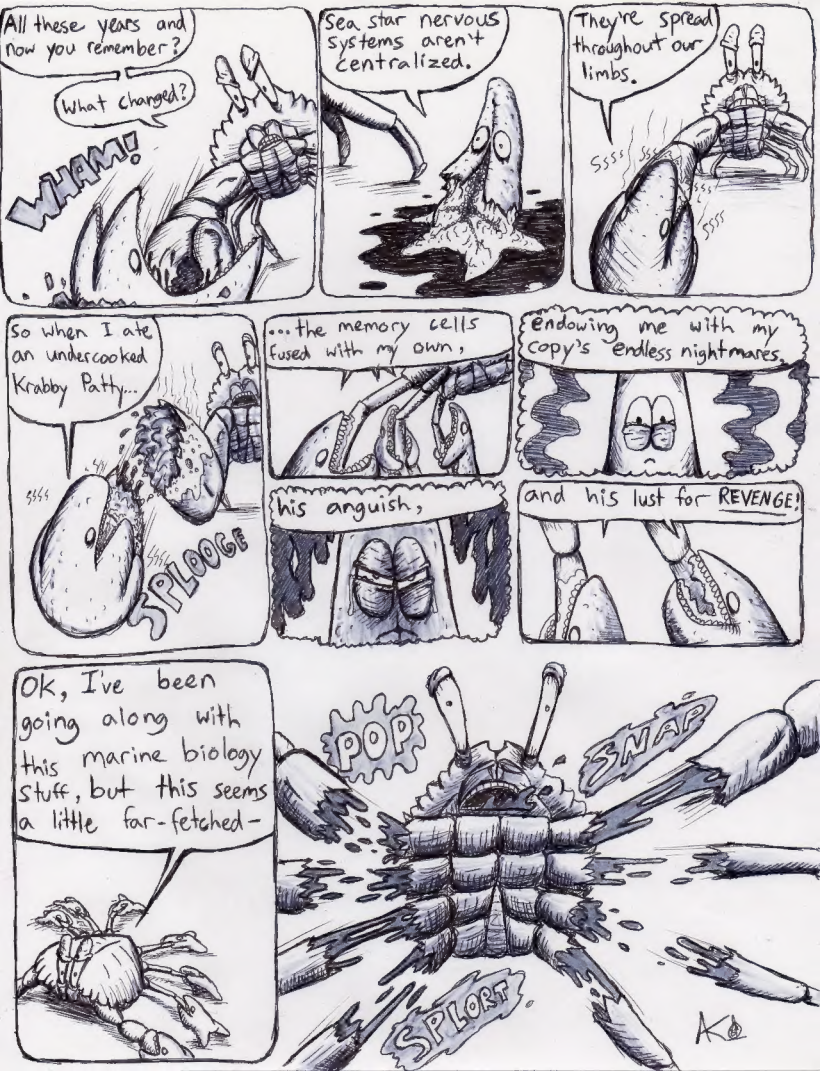


Sandy?
Where's that SpongeBob? I'm supposed to open up soon and I don't have me star frycook!
He's gone, you greedy Scavenger, and if you don't want to join him and half the rest of Bikini Bottom, you'll help me!
Now start boarding up these windows!
But me customers!
SEVERAL HOURS LATER...
There. Now all we can do is wait and hope that bottom Feeder will pass us by.
So why didn't we just go somewhere not surrounded by windows?
Shh! Did you hear that? He's outside.
Don't move! He's just feeling around. He can't see us.
CRASH
Each of my arms has an eye, Sandy.
GOTCHA!
SANDY!
You're Next, Krabs.
Wait... Please... This is insane!
This is evil!
No...
This is Patrick

You forget yourself, Patrick
CRACK!
CRABS EAT STARFISH!
I haven't forgotten, Krabs.
Your Krabby Patty Secret formula...
...IS ME
You stole a piece of me, all those years ago...
CRASH
AND WE WANT IT BACK!



Most people know that sea stars can regenerate a lost limb...
... but few know that in some cases, the lost limb can regenerate a new sea star.
You're gonna make me so much money!
Patrick, aren't you curious what the secret formula in the Krabby patty is?
Who Cares? Krabby Patties are delicious!



All these years and now you remember?
What changed?
WHAM!
Sea star nervous systems aren't centralized.
They're spread throughout our limbs.

So when I ate an undercooked Krabby Patty...

endowing me with my copy's endless nightmares,

Ok, I've been going along with this marine biology stuff, but this seems a little far-fetched-

AK

No! Get it off me!
How many Patricks are there?
There are more stars in heaven than can be dreamt of in your philosophy, Sandy...
...But if you ask me, the sea has a few too many.
AK

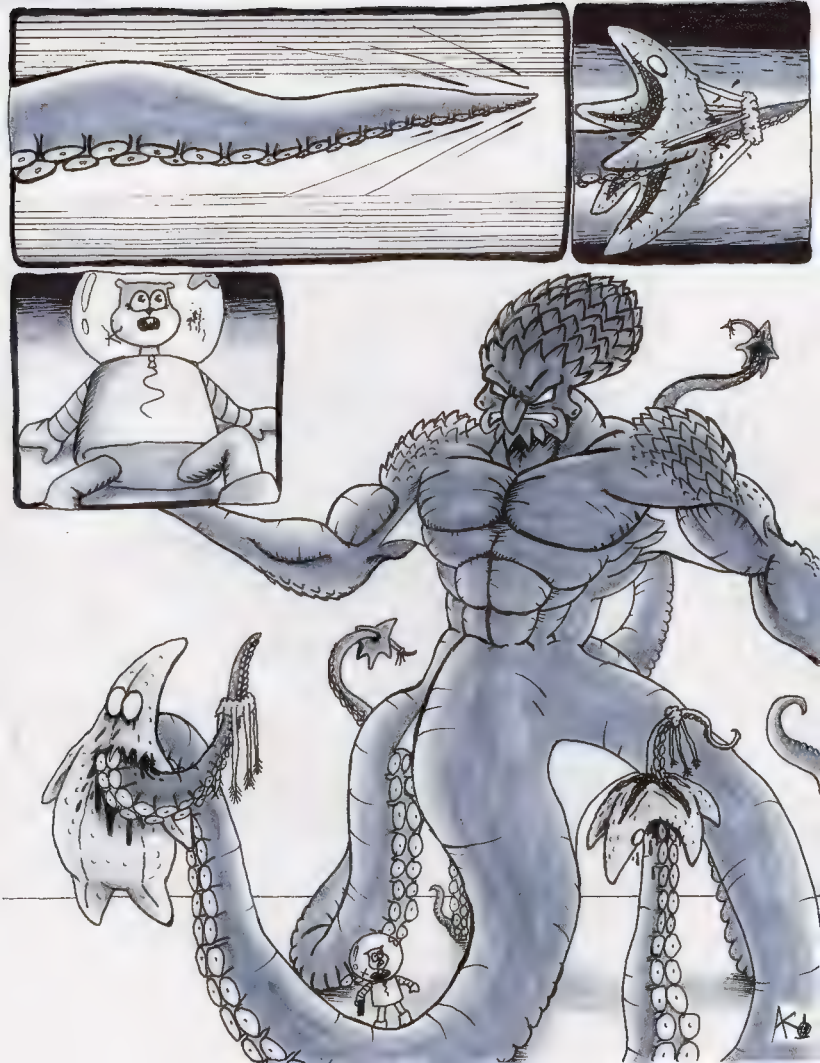
I never thought I'd be happy to see you, Squidward!
Back handed compliment, but it's good to see you too, Sandy.
Bullets only slow them. They regenerate any wound. They have to have a weakness!
He does.
ZZZZZ
ZZZZZZ
He's out colder than a snow covered boulder in an Albertan October!
zzzzzz
He wont mind me taking this...
He never used it!

You don't have to go back in there, Sandy.
You could leave. Go anywhere. Away from this.
There are some things you can't run from, Squidward.
some things you gotta face.
...sandy...
Mr. Krabs?
What... happened to you?
He made me eat it...
...a Krabby Patty...
RAW.
I CAN FEEL IT!
Welcome back, Sandy

I'm glad you've survived, Sandy.
I have SO much more to show you.
Get behind me.
And you brought Squidward.
From one invertebrate to another, it's nice to see you've grown a spine.
I'm sorry, Patrick, but this is the only way to end this.
You gonna put me to sleep with one of your "songs?"
It's not my fault you were always too stupid to appreciate real art
Or MAYBE you're just a boring musician
what?
Though technically proficient, you've always lacked the ability to...
IMPROVISE!

TANG!
BLAM!
Squirward, LOOK OUT!
Now,
Where were we?

Even under the sea, you're all washed up.
When I give the word, we make a run for it.
What's the point?
He's right about me.
I'm a talentless hack.
Just a loser pretending to be an artist.
Squidward! You are the smartest cephalopod I know, but I wish you were smart enough to see that you're worthy of self love.
SQUIDWARD!



THE KRUSTY KRAB

My beak can slice through steel.

My razor sharp radula will rip you to shreds.

WELCOME TO THE MACRO-ECOSYSTEM!

KB

Woah. Looks like he's got this under control.

Huh?

he he he he...

The least I can do is take out the little one that killed Mr. Krabs

Two shots to stun him and then just pull out the nerve ring.

What the...

Sandy Wait!

Don't Shoot!

Plankton ?

You're gonna want to see this...

Mermaid Man! There's some kind of army of **evil** starfish terrorizing Bikini Bottom.

The Mermalair...

...Evil?

You don't know the meaning of the word...

BUT I DO!

RRRR!

I should have known you were behind this, Plankton.

You give me too much credit, Sandy.

Under the Krusty Krab

I've done some bad things— diabolical even; But this?

This is beyond me.

What is this place?

It's where Krabs kept the source of his secret formula

The patties need to be frozen right away or else they start to regenerate.

Krabs had this poor guy pumped full of growth hormones. which is probably why he couldn't handle the raw patty that he was force fed.

For years, all I wanted was to learn his secret...

...and now, Eugene made me wish I never did.

What are you talking about?

Do I really have to spell it out for you?

You mean...

Yes

not in the suit, not in the suit not in the—

BLAGH!

SPLATTLE

Get ahold of yourself!

There's more...

LEEDLE. LEEDLE. LEEDLE. LEE.

I have returned.

You are still small. Go out and feed for you are not yet ready to rejoin.

But I am

I have absorbed So many. Now they will feed the tortured one as they once fed on him.

The circle is complete.

The handsome squid may thin our numbers,

But he cannot stop us.

The one becomes the many

and the many become the one.

REJOICE

AK

You can only see so much from up there, Sandy.

Come Closer!

You did well bringing her here, Plankton.

As agreed upon, your meager nutritional value will be spared.

Now run on back to your end of the food chain.

I'm... Sorry Sandy

I'll take this

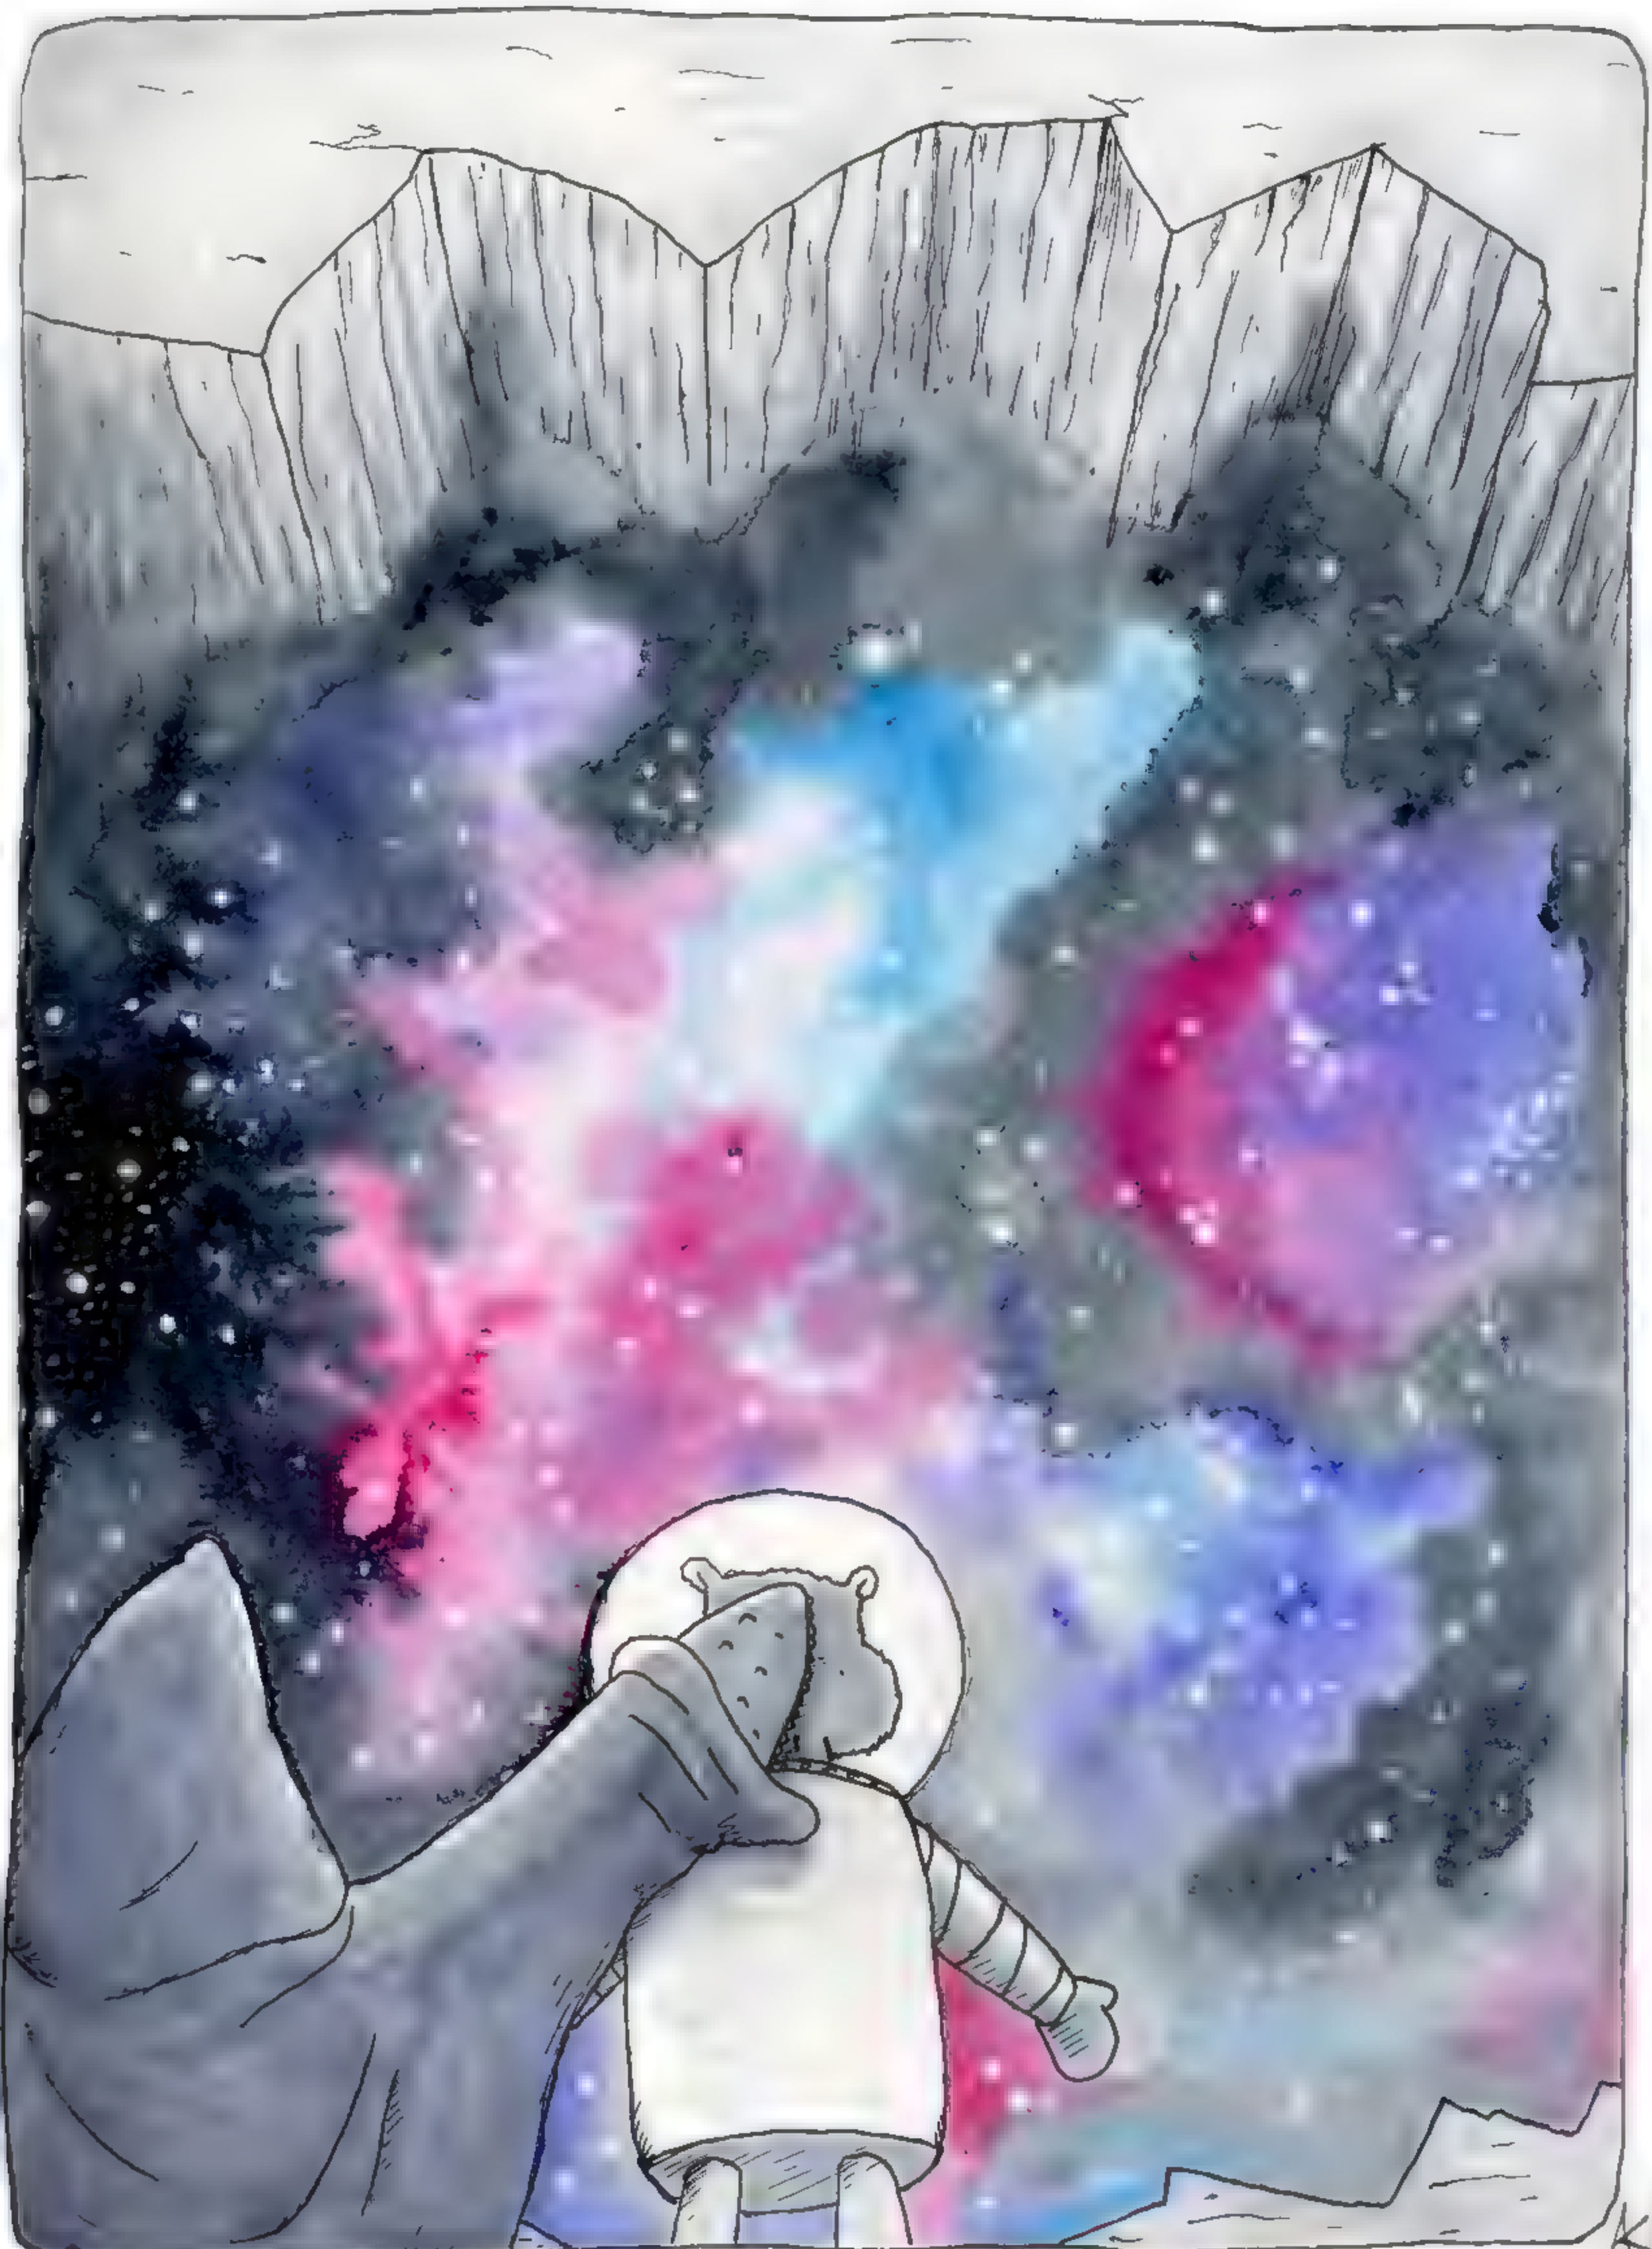
You had your shot.

Shoulda taken it.

But you wanted to see...

SO SEE!

AKB



SANDY

SpongeBob?

Don't fight it, Sandy...

...Come with me...

...and become a part of something beautiful.

How many more of you Pinheads do I have to destroy?

Who are you calling Pin-

Your reign of cruelty is over!

Cruelty?! After what you and Krabs did?

What are you talking about?

Don't play coy! The Krabby Patty Secret Formula!

Krabs wouldn't reveal his formula to his own mother, let alone an employee. Whatever it was, his secret died with him.

Bu...But if you didn't know, then...

...SpongeBob...

ARGH!

What have I done?!

All those arms and it still looks like you could use a hand.

WEIGHT A MINUTE!

Thanks Larry.

Make sure you destroy the nerve rings-

Give me some credit, Squid-Brah; I've survived this far, haven't I?

So have you been working out? Because I never see you at the gym.

Just help me wipe out these starfish before they can multiply.

Well if you really want to put a dent in their numbers there's been a lot of them heading towards the Krusty Krab.

SANDY!

SANDY

I'm sorry SpongeBob...

But I've seen enough!

You have escaped your fate for the last time, Sandy.

AND THE TORTURED ONE MUST FEED

Who's next?

HA HA HA HA HA HA HA HA HA

HA HA HA HA HA HA

Gotta make it to that tunnel

Where do these hands keep coming from?

AK

Observe!

THUNK

The whole sea floor is shifting.

Almost out! I can see the opening.

But the Tunnel's mouth is rising up?

The whole thing is one giant...

...Patrick!

Larry, get back!

THE KRUSTY KRAB

GHRAAH!

NO!

LARRY!

My leg!

Squidward won't stand a chance against that thing.

The Tortured One is risen

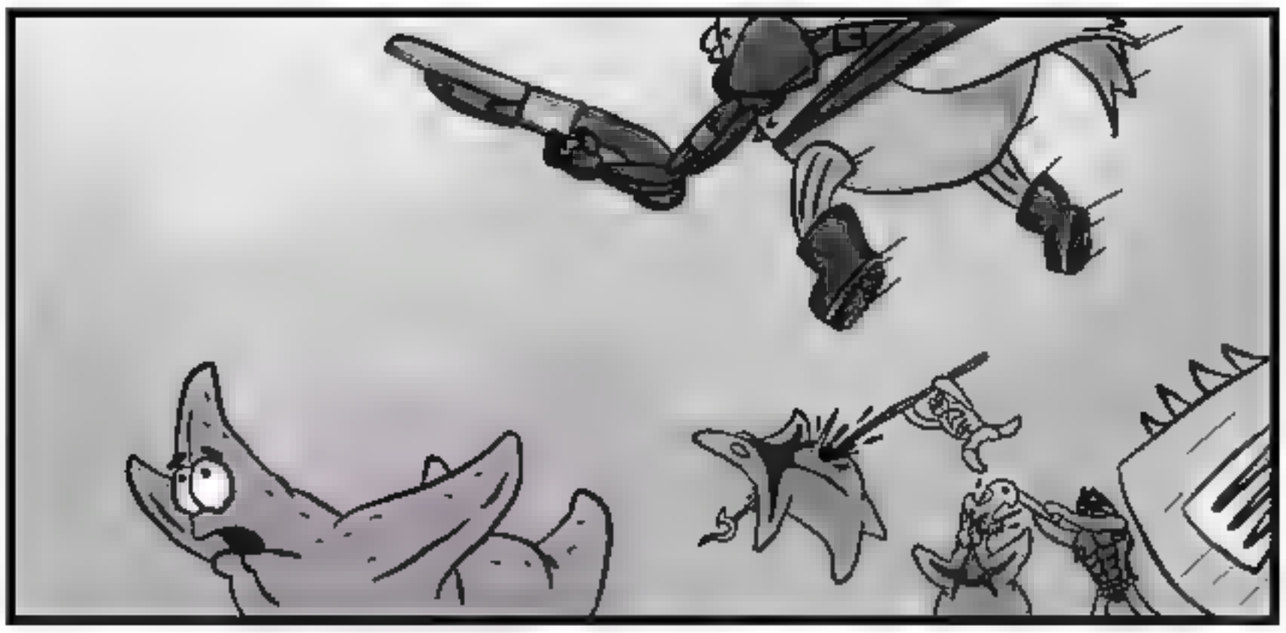
Because of you, we missed our chance to rejoin.

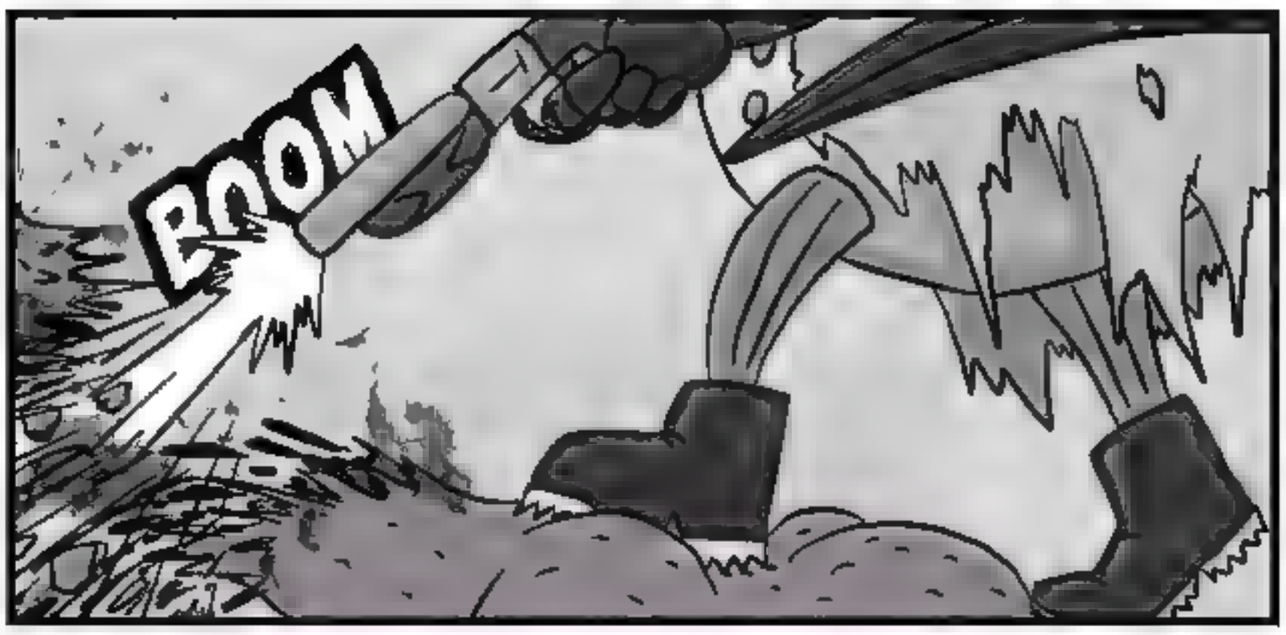
Now you will suffer the ultimate...

what's that?

VROOOOM

Witness me, Air-breather!





BOOM

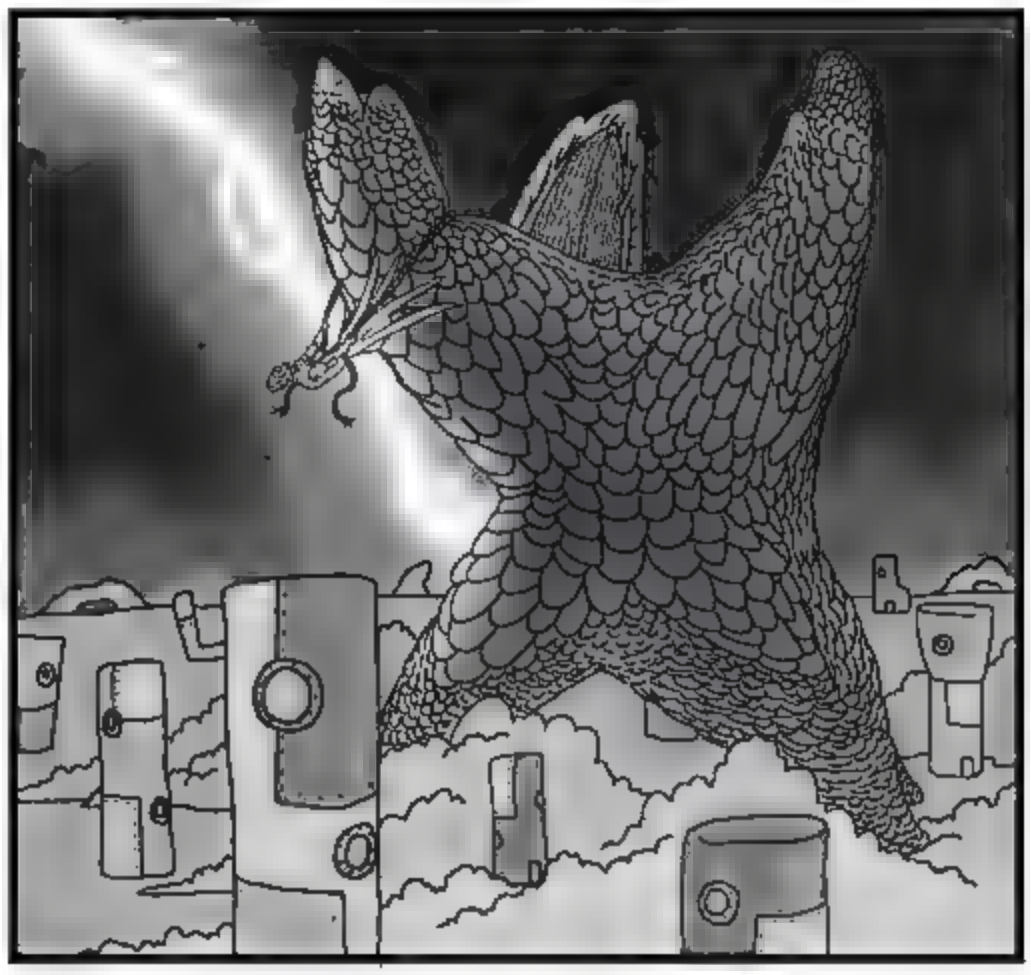
Mrs. Puff?
Need a ride, Sandy?

Bikini Bottom is lost. My crew and I are riding West. You should come with us.
Leave?

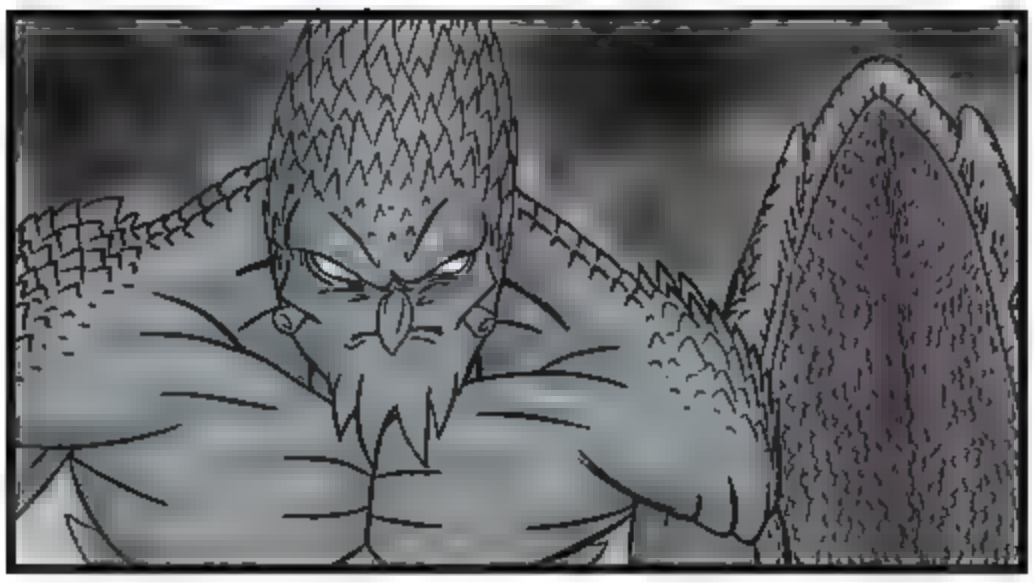
I can't leave... not yet. I still have a fight here.

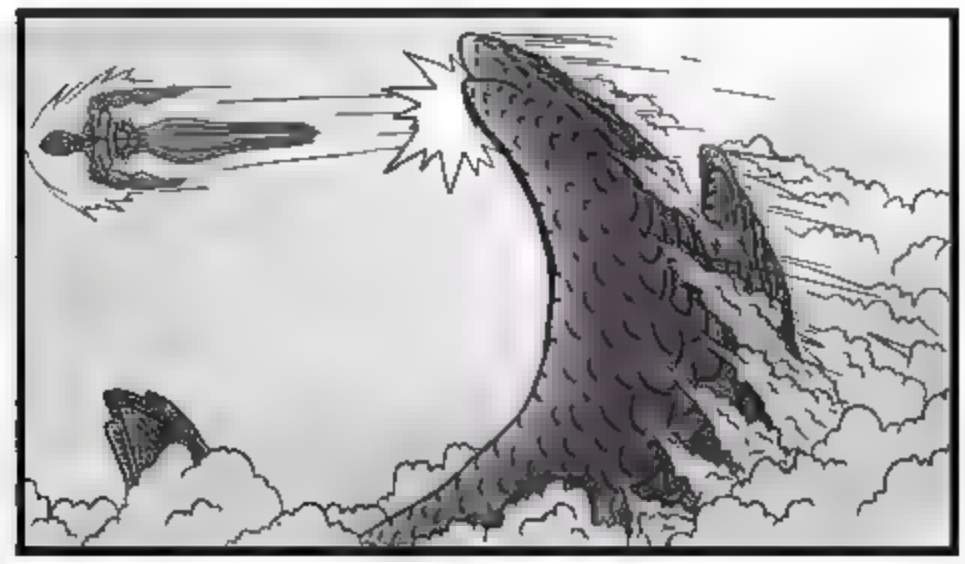
Suit yourself,
but you won't be winning any fights empty handed.

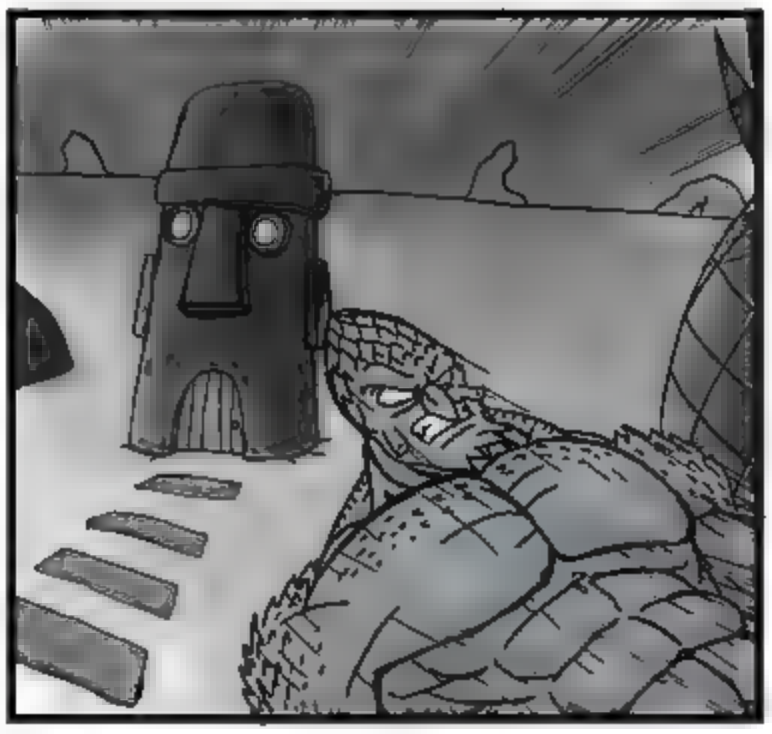
So what'll it be? Sniper, heavy, or tactical?
... Yes.

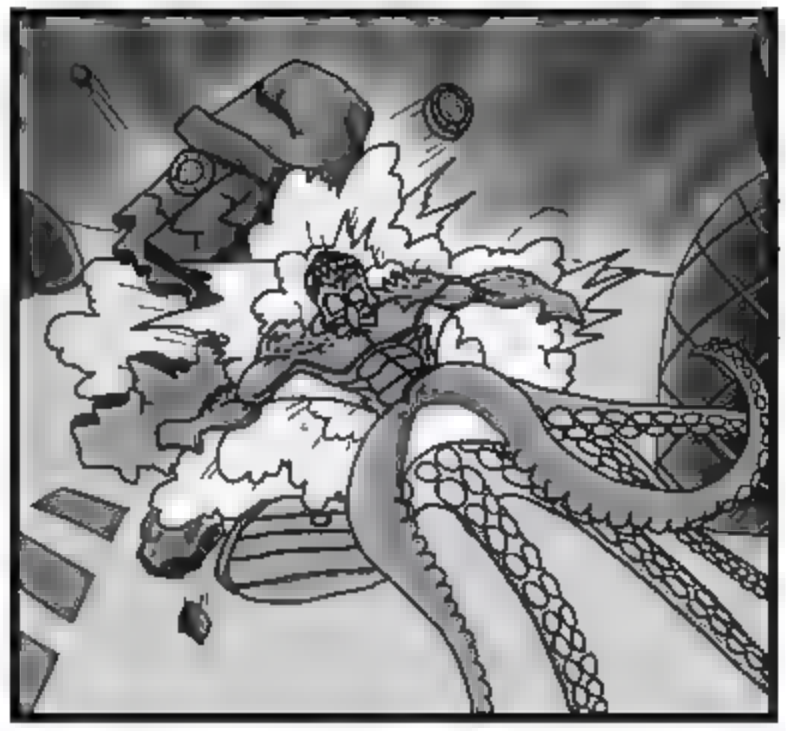


Stay Down!









You'll pay for that.

Meow?
GARY

But this one's on the house!

Gary.

Meow?

You waiting for SpongeBob?

Meow.

I'm sorry, Gary...

...but SpongeBob isn't coming back.

I made a mistake... I believed...

I... I... I...

Meow.

I'm gonna make this right.

CHOKE ON IT!

CRACK

SQUIDWARD

COME ON!

YOUR NUMBER IS UP

PLAY!

I can't... reach it.

OF COURSE NOT, SILLY

YOU'RE STILL HOLDING ON

LET GO!

PLAY!

LET GO SQUIDWARD

AND PLAY US A SONG

ONE LAST SONG

TO BRING YOU PEACE

ALL YOU EVER WANTED

Hey, Maestro!

SANDY?

You might Want to move.

Sandy! You're alive!

You sound surprised for a guy who was just about to be lunch.

No I'm... happy. So what in the name of Neptune is that thing?

It's a long story, but I've been calling him Patty-rick.

It got inside my head.

Yeah been there, done that.

So can you get any bigger, or is this it?

Octopods can only change our shape and size to a limit, Sandy.

Can't you turn into a giant squirrel?

It ain't hibernatin' season, so it's just guns for me.

Mrs. Puff gave me this ammo laced with her deadly neurotoxin. It kills the little guys but for this one... we need something **bigger.**

I've never found Size to be that important.

But this calls for...

MAXIMUM OVERDRIVE!

Karen...
Yes, Plankton?
Activate TURBO!
How's this for a food chain?
RUH-GUH-GUH
Plankton sure isn't wasting any time turning that thing into chum.
With a method that's about as smart as bait.
RGG GGGG
You know he can regenerate, right?!
Regenerate from this!

It can't regenerate from a burn.

A little something I noticed...

...when one of the cultists let hot wax spill onto his flesh,

and the cells never healed.

The kind of detail a larger creature might overlook...

But I tend to notice the little things

Not every little thing.

AAAK!

Something is wrong.

Plankton! What's wrong?

Jettison your consciousness pod, Karen! I've lost control!

No way! That would leave you dead in the water.

Plankton better roast that severed limb - and fast.

It's...Aak! ...too late for me, Karen...

...Aarrgh, Save... yourself!

I'm not leaving you!

What's going on up there?

Ah nuts.

Goodbye Karen...

I... love ...you.

POP

PLANKTON!

Now I will take control and become the largest star of all!

BOOM!!

I'm sorry, plankton.

Sandy! Help me destroy the arm...

Karen? Are you in there?

Without Plankton, I have no motor control. I can't move!

But if you push me onto that arm, I can activate my self destruct.

We're Coming!

Karen! There has to be another way!

This is the only way I can stop that arm from growing into a whole new monster.

Now get clear! The countdown has started!

Squidward! Your leg!

I'm Stuck!

5... 4... 3... 2... 1... see you soon, my love.

KAA-BOOM!!!

Sss... ...Sandy...

THE KRUSTY KRAB

THE KRUSTY KRAB

Squidward! You're hurt bad.

Sandy... your helmet...

Come on, get up you big baby! I need your help!

BANG

BANG

You need to get out of here, Sandy...

The ocean's no place for a squirrel.

I'm not going anywhere!

Let me play you...

Squidward What are you-

I'm sorry, Sandy. I can't bear to lose another friend.

POP

Squidward Squidward Squidward Squidward Squidward Squidward Squidward Squidward

Squidward Squidward Squidward Squidward

WHAT?!

Wanna go catch some Jellyfish?

NO!

But Squidward, friends are supposed to do stuff together!

How many times do I have to say this to get it through your spongy head?

We are not friends!

SLAM!

ONE HOUR LATER

KNOCK KNOCK KNOCK

What now?

Patrick?

I already told SpongeBob, I'm not...

What are you doing?

Stay back

stop...

AKO

I must answer the call.

I said stay back!

...SpongeBob

I'm sorry, SpongeBob.

I'm sorry I wasn't a better friend.

Feast on his brain!

STOP!

You lied to me.

Brother! Join us so that we may feed the tortured one.

...Patrick?

The tortured one is a big fat liar!

Your call said they were all in on it.

But only Mr. Krabs knew what was happening to you.

Squidward, SpongeBob, None of them knew that the Krabby Patties were made out of Patrick flesh.

Made out of WHAT?

If they never knew what they were eating, why should they be punished?

BECAUSE THEY NEVER ASKED.

SNUSH!

ENOUGH!

KRAKATOA-!

You think I'm down because of a skewered heart?

I have three.

Now let's finish...

RUMBLE

RUMBLE

How..?

Mind if I cut in?

SpongeBob? I... I thought I... killed you.

You did.

Sea stars aren't the only creatures who are able to regenerate.

Sea sponges can come back from just a single cell.

And you're a messy eater.

So I've been growing on you, Patrick...

...You and every copy of yourself that you made.

But now the time has come to assemble,

so let's have some FUN.

F is for Friendship It can't last Forever...

U is for YoU Killed Me ...

N is for aNywhere you think you're Safe, You're Not

DOWN IN THE DEEP DARK SEA

DO YOU KNOW HOW SEA SPONGES FEED, PATRICK?

LET ME SHOW YOU.

WE ABSORB OUR FOOD THROUGH PORES IN OUR FLESH,

Oof!

FILTERING NUTRIENTS

AND EXPELLING WASTE.

Only one star left to extinguish.

No, please.

I'm sorry SpongeBob.

I'm sorry SpongeBob.

I'm sorry SpongeBob!

I'm —

I KNOW YOU ARE.

What was done to you was monstrous, but what you have allowed yourself to become is worse.

I will stop you.

BUT HE'S NOT.

As much fun as two indestructible monsters fighting it out in an endless chain of regenerative violence sounds, I think it would be a good idea if we came up with a plan.

He can't regenerate from everything. Plankton taught us his weakness.

fire.

start one.

We're just getting warmed up.

Stupid, useless. Air breather.

What the?

Woaah!

The invisibe boatmobile?

I take it this isn't the Krusty Krab?

Barnacle Boy?

Why are you trying to get to the Krusty Krab?

Someone killed Mermaid Man, and I'm getting payback!

What?

This evil fake mask was sent from the Krusty Krab.

I'm trying to find the Killer but... Ernie used to drive.

I could get you there but without my helmet, I can't breathe.

You don't need a helmet.

Take this!

The true mask of Mermaid Man

The source of his power!

Now will you show me the way to the Krusty Krab?

No.

First we're going West.

So if we're underwater, how are we supposed to start a fire?

Oh, so now physics matters?

There's Mount Bikini Bottom

But that Volcano's been dormant for years.

Why don't we take Mount Bikini Bottom and push it somewhere else?

THAT-

...could actually work.

GRIP

RIP

SLAP

STRETCH

Okay...

literally moving mountains...

I can do this.

Just...

Break off enough rock...

To expose the lava flow...

GRAH!

I can't do this.

Not alone, you can't.

Sandy? How are you back?

I'm Mermaid Squirrel!

You look like a beaver.

Like I said, Mermaid Squirrel.

and I brought backup!

Allright crew! You know the drill.

Let's do this.

So, SpongeBob survived.

And he's kicking ass. Atta-boy

Sandy...

I bet you're wondering about the drill.

Mrs. Puff's crew and I jacked it off of an oil rig

Looks like we had the same idea about the volcano. This time, offshore drilling's gonna save the ocean.

Sandy!

I'm glad you're ok, Squidward.

I know you didn't want me to come back...

but that wasn't your call to make

Hey Loveboats, we have a problem.

The pull team's ready but it looks like we're gonna have to drill pretty deep.

I don't feel like sending one of my boys on a suicide mission.

I'll do it

It's what Mermaid Man would have done.

one last play to stop evil.

God speed Barnacle Man.

Ummm... what's that?

It's his Stomach.

He'll swallow us all.

You'd better get going, Mrs. Puff.

Squidward and I will try to draw the battle this way.

You go high and I'll go low.

Got it.

Almost there...

Alright boys, PULL!

How's this for hero work, old man?

KABOOM!

Krakatoa.
That's our opening.
Let's go!
No...
...run.
It's melting him on contact!
We'll get him free!
Hang on, SpongeBob!
We're not gonna let you get swallowed again!
You're wrestling with the wrong rodent!
That's right. You can't swat me with two feet on the ground
Sandy! It's too late.
He's gone.
SPONGEBOB
YOU CANNOT ESCAPE
THIS TIME YOU WILL STAY WITH ME FOREVER

The time has come for you to pay the price for your carelessness, SpongeBob.

Patrick...

You devoured my flesh for years without ever even bothering to learn what you were consuming.

I didn't...

but your ignorance absolves you of Nothing!

Once I've dissolved every last cell in your body, I'll finish Sandy, and Squidward, and the rest of Bikini Bottom.

Then I'll grow a new army of stars

and we will spread across the entire Ocean,

Consuming everything. indiscriminately

like you.

But first I'm going to enjoy...

Tearing your mind apart!

Ga... ...Gary?

Yes, I'll kill Gary too. I'll kill all your...

Wait.

Gary?!?

Noooo!!

POP

What? Gary? He popped the stomach! It's deflating!

Of course! Triton snails predate on sea stars.

Gary must be a relative.

Ok! I knocked him off balance, now let's fire up the grill!

Sandy, wait! I can still save Sponge Bob!

There you are.

Come on you big pain in the mantle, we need our Fry Cook!

NO, SPONGEBOB, DON'T LEAVE ME.

Now!

I'M SORRY PATRICK

I got everything I ever wanted

CHUM BUCKET

So why don't I feel happy?

Plankton! I'm so glad you're ok. ...What's the matter?

Nothing. I'm as happy as a clam.

Oh Karen,

What's the point of knocking out your competition if you also knock out everyone else?

Tell that to your face.

Plankton, is that your conscience speaking?

No!

This is about preserving our way of life!

Did you hear that?

Hear what?

It's just the underwater Thunder.

The ground... it's Snaking.

THUD

There it is again... it's closer.

THUD!

We need to get out of here!

Be My guest!

I'm sick of babysitting you sorry sack of "Survivors" anyway.

But if you go out there, you're dead.

THUD

We boarded up the windows to keep those stupid Starfish out.

In here, we are perfectly-

CRASH!

Don't look!

I'm Scared

Mommy!

It's... leaving

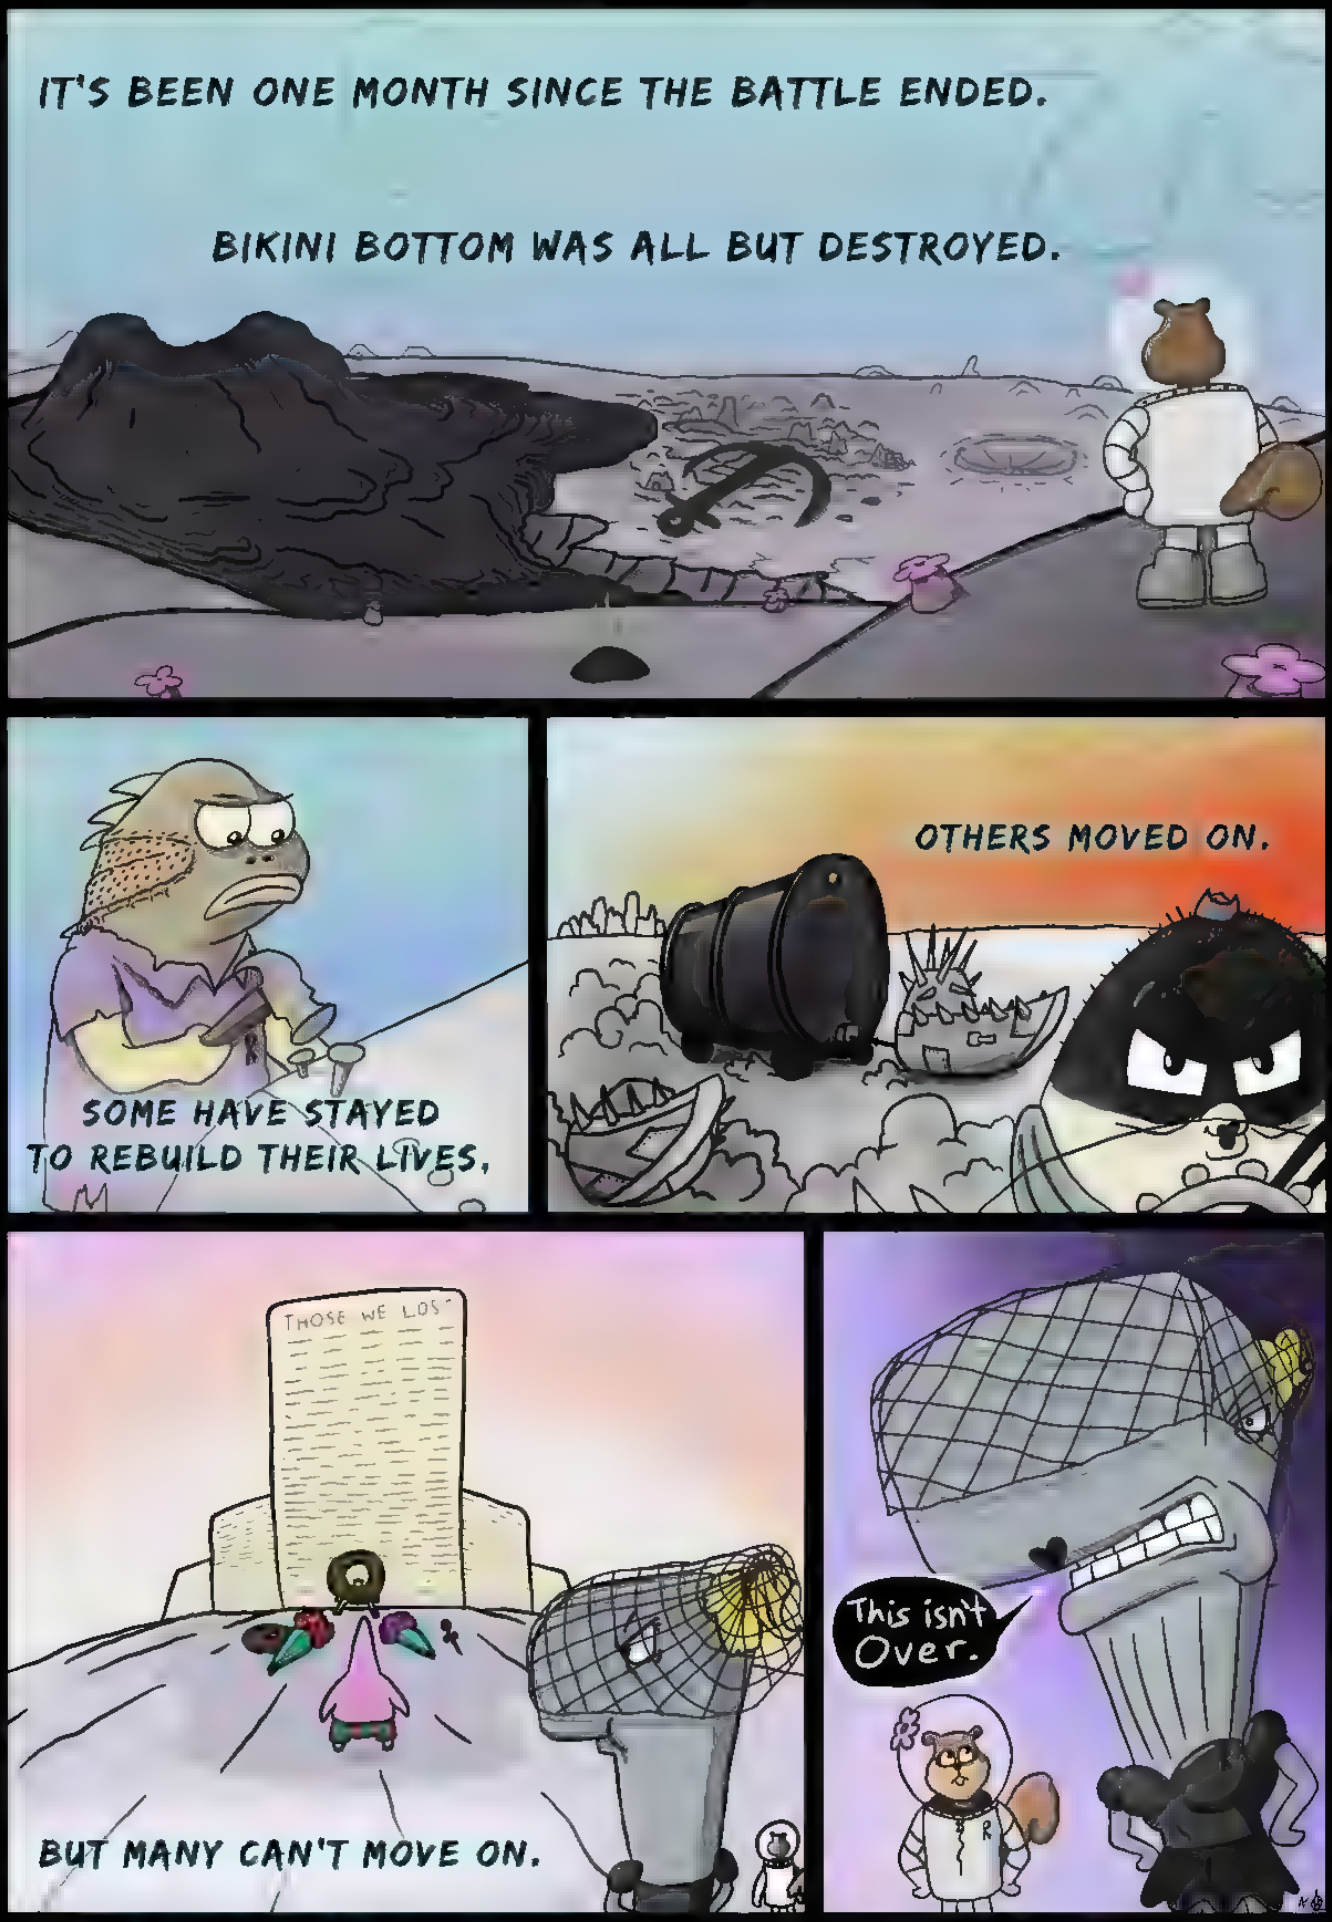
Not one more!

You won't take another life!

I won't let you!

And your fight is with me!

ONE
MONTH
LATER



IT'S BEEN ONE MONTH SINCE THE BATTLE ENDED.
BIKINI BOTTOM WAS ALL BUT DESTROYED.
SOME HAVE STAYED TO REBUILD THEIR LIVES.
OTHERS MOVED ON.
THOSE WE LOST
BUT MANY CAN'T MOVE ON.
This isn't Over.

Patrick!
That Coward
waited for me to go on a school trip so he could murder my father without facing off against me,
a Sperm Whale.
The largest and most powerful Hunter the world has ever seen!
And now we're just supposed to forget all he's done?
Because he's sorry?
My dad deserves justice!
Mr. Krabs started all of this, Pearl.
As far as I'm concerned, your father got exactly what he deserved.
I wish I never ate that undercooked Krabby Patty, Sandy. I wish I'd never linked minds with the Tortured One. -That I'd never learned the truth.
Well, there's no going back now, is there?
THE PRETTY PATTY
All we can do is try and...
...look forward.

THE PRETTY PATTY
Menu: 1 2 3 4 5 6
ALL VEGAN FOOD!
ETHICALLY SOURCED!
A new restaurant?
Hello, SpongeBob.
Sandy?
So good to see you! I still haven't really thanked you for all you did in my absence.
Well I can see you've been busy.
What can I say, Sandy? People need to eat.
And with both Krabs and Plankton gone, where else could they go but your new restaurant?
They like the ethically sourced vegan food.
Uh huh...
I was talking to Patrick.
He said this all started when he ate an... Undercooked Krabby Patty.
Is that so?
But you and I both know that you would never undercook a Krabby Patty...
...unless you did it... deliberately.
You knew...
didn't you?
Who else have you spoken to about this?

Sandy. Who else knows?
No one... yet.
New order for table six!
Thank you SpongeBob 021, I'll get to it as soon as I've finished with Sandy.
You've made copies of yourself.
To rebuild my city, we'll need all the help we can get.
your city?
Now is the the time for healing, Sandy.
Not for reopening old wounds.
Because when you pick at a scab all you get is bloody.
You understand, don't you, Sandy?
Yeah, I think I do.

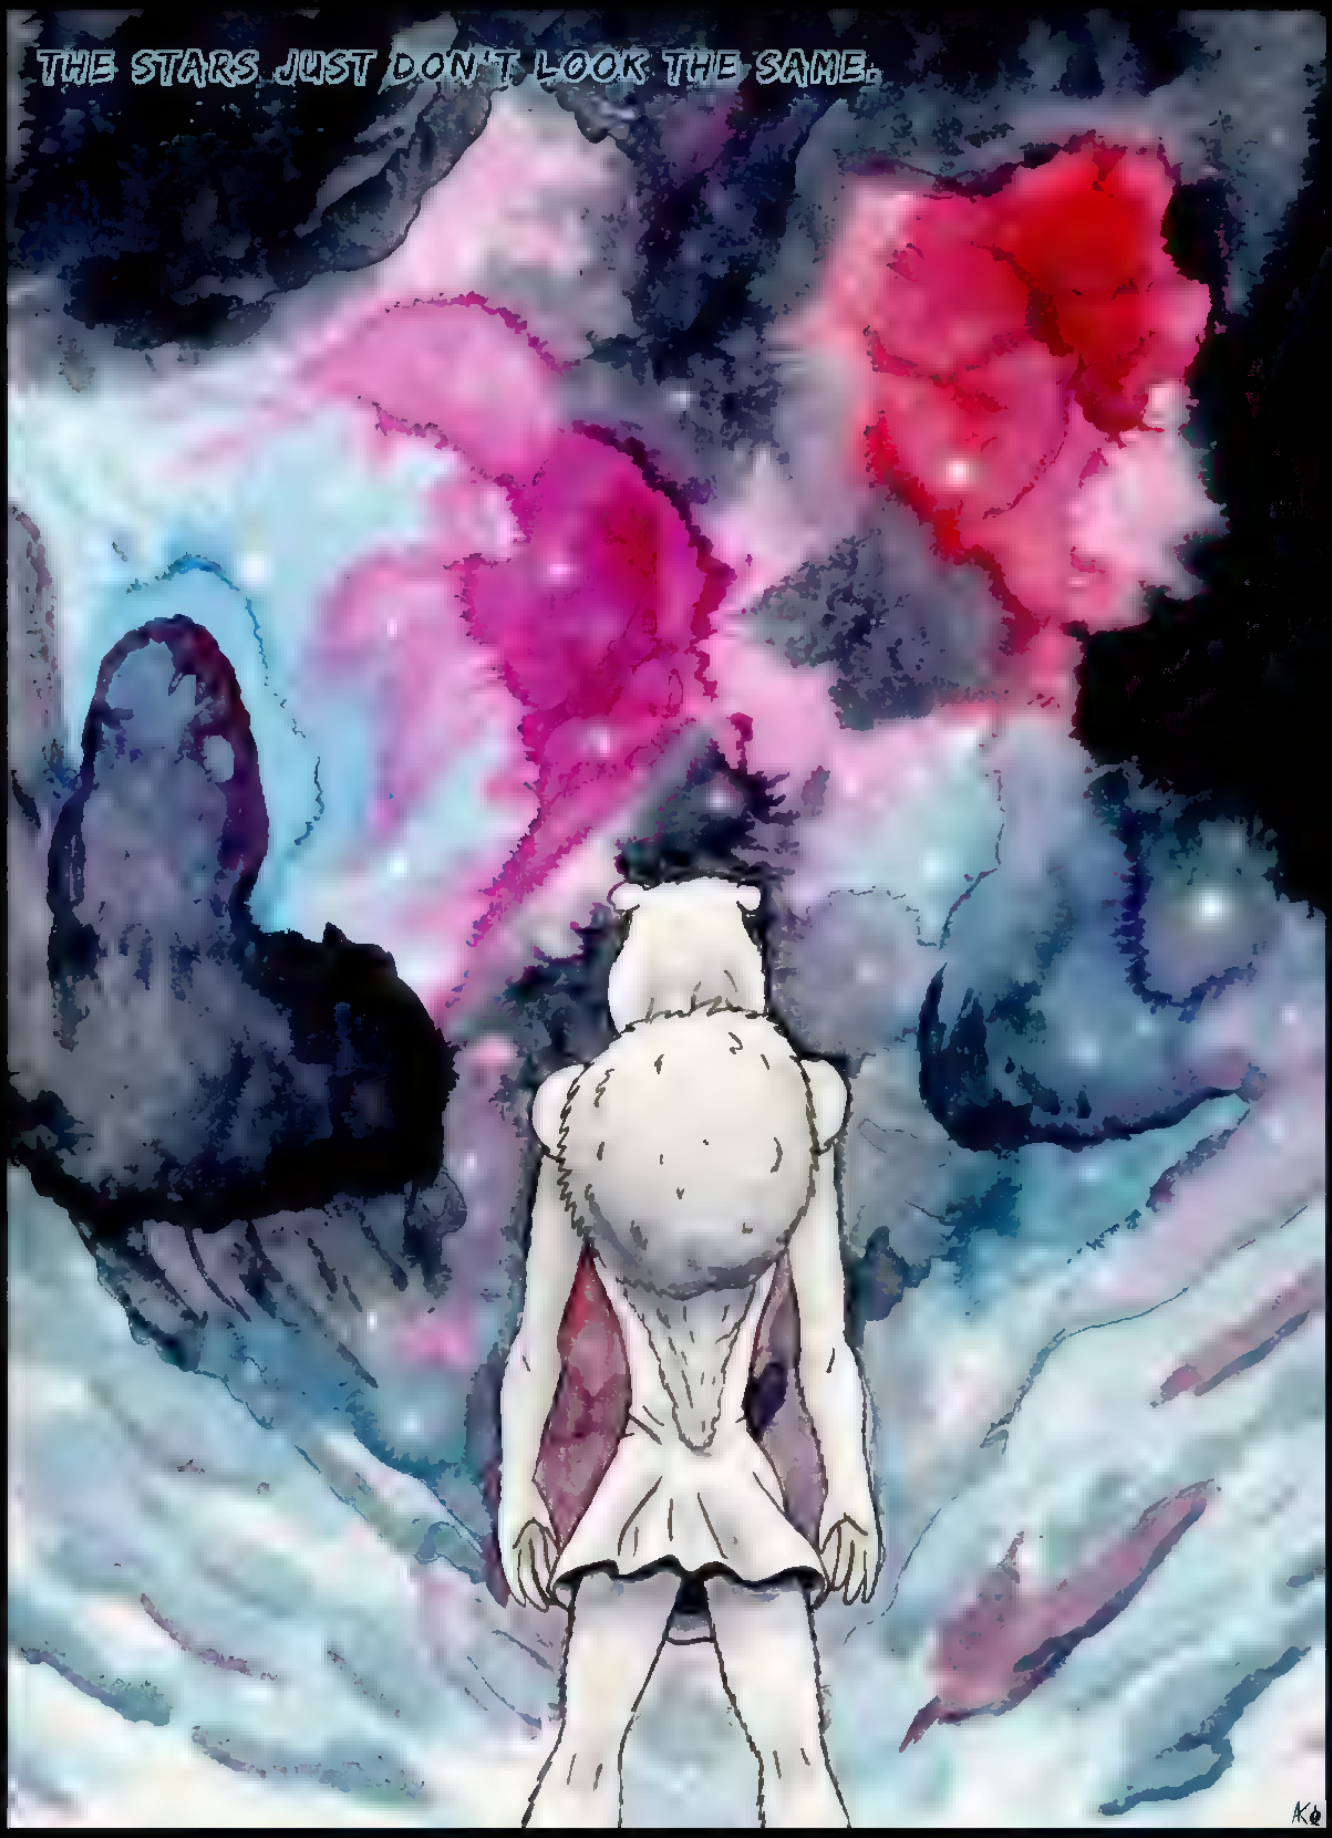
Here, take a Pretty Patty.
I promise by the time you're done eating it you'll feel-
BANG!
BANG!
BLAM!
Goodbye SpongeBob.

DO I TELL HIM?
HE DESERVES THE TRUTH.
BUT WHAT GOOD WOULD IT DO?
I ALMOST FEEL LIKE I OWE IT TO HIM NOT TO TELL HIM.
PROBABLY FOR THE BEST THAT I JUST -
Hey, Sandy!
So what happened to Mermaid Squirrel?

Squidward! You're almost looking like your old self again.
Almost.
I don't think I can ever go back to the guy I was before all of this.
And... I'm ok with that.
Besides... I don't think I'm quite done with this life yet.
King Neptune has disappeared. Someone needs to track him down.
And I've heard talk of an Alaskan Bull Worm sighted in the north.
It's a threat to us all.
What do you say we team up on this?
I could sure use Mermaid Squirrel's help.
Squidward...
I can't... be Mermaid Squirrel.
I just gotta be me.
And that means going home to Texas...
Where I belong.

You can't leave, Sandy. we need you... I -
You were right,
The Ocean's no place for a Squirrel.
I can't stay here
and rebuild my life on foundations of lies.
I... made you something with my beaver powers and wood from my house here.
I won't need it.
but something tells me you will.
Goodbye, Squidward.

DRY LAND
IT FEELS...
HEAVY.
Sandy? Never thought we'd see you again.
How was the deep blue sea?
Pretty fucked up.
AFTER ALL THE BLOODY HORROR
OF THAT ALIEN WORLD
I JUST WANTED TO BE ABLE TO LOOK UP AND SEE THE STARS AGAIN
BUT NOW THAT I SEE THEM...



THE STARS JUST DON'T LOOK THE SAME.
